

Area aur Perimeter!

Perimeter = kinaara (boundary)

Area = andar ki jagah (sq units)

Rectangle: $P = 2(l+b)$, $A = l \times b$

$$\underline{P = 26 \text{ cm}}$$

$$A = 40 \text{ sq cm}$$

Square: $P = \underline{4 \times \text{side}}$, $A = \text{side} \times \text{side}$

Fence = Perimeter = 28 m

Grass = Area = 40 sq m

$$\underline{P = 30 \text{ cm}}$$

$$A = 36 \text{ sq cm}$$

Chalo Try Karein! (Pause karo)

**Answers: 18 cm, 14 sq cm, 20 cm —
Shabaash!**

Recap: Perimeter kinaara, Area andar!
