

BLACK HOLE — Andar Kya Hota Hai?

**Bada taara → fuel khatam →
gravitational collapse**

Event Horizon = point of no return

Light bhi nahi bachti

Earth → marble (9mm)

Sun → 3km ball

Singularity = infinite density point

Yahan physics fail

Quantum gravity ki talaash

**Spaghettification — tidal forces se
noodle ban jaoge!**

Hawking Radiation (1974)

Black holes dheere-dheere evaporate

Zyaada gravity = dhima time (Einstein)

Sagittarius A*
