

Why Do We Cry?

**You're crying right now — tiny tears,
every blink**

**Tears = Water + Salt + Oils +
Bacteria-killing Lysozyme**

One tear, three smart layers

**Basal · Reflex · Emotional — 3 kinds of
tears**

**Basal tears: clean, moisten, protect —
24/7**

**Reflex tears flush out irritants —
automatically**

Emotions → limbic system → tears
(humans only)

**Emotional tears carry stress hormones +
a natural painkiller**

**Tears drain through puncta into your
nose**

One perfectly designed tear system

**Quick Brain Check! □ Pause now — 3
questions**

**Answers: Lacrimal glands • Lysozyme •
Leucine Enkephalin**
